D6/2, 385 Le Van Viet Street, Thu Duc City, Ho Chi Minh City

Skills

Technical skills:

Java (Backend): RESTful APIs, Spring Boot, SQL & NoSQL (MongoDB)
NodeJS, ExpressJS, ReactJS.
C#, .NET Core, ASP.NET Core Web API, Entity Framework Core, SQL Server.
Redis, Docker, Jira, Postmant.
Android Development: Android Studio, Java/Kotlin, XML UI, Firebase, MVVM

Soft skills

Communication skills
Teamwork skills

Objective

To secure a backend developer position where I can apply my skills in Java, Spring Boot, and database management to build efficient, scalable, and maintainable applications. Eager to grow my expertise in backend technologies and contribute to innovative software solutions.

Education

University of Technical Education Ho Chi Minh City *2022 - 2026*

Information Technology (GPA 3.87/4.00)

Activities

Member (5 members) *Sep 2024 - Jan 2025*

Built a C# WinForms desktop app for restaurant management and integrated SQL Server procedures/functions via ADO.NET.

https://github.com/Hiendang123a/Repo_HQTCSDL

Team Leader (10 members) *Sep 2024 - Jan 2025*

Developed shopping cart management and QR code payment integrated with banking system.

https://github.com/Hiendang123a/Project_Web

Team Leader (2 members) *Mar 2025 - May 2025*

Developed real-time chat using WebSocket, and implemented post interactions including like and comment features.

https://github.com/Hiendang123a/ThiCloud

Member (1 member) *Mar 2025 - May 2025*

I have built a digital image processing web application using Streamlit, where users can interactively apply various image processing techniques. The entire application is developed in Python, with all image processing operations performed using OpenCV (cv2) and other relevant Python libraries.

https://github.com/Hiendang123a/repo_XLAS

Member (3 member) -

I have developed a full real-time friends system with messaging and video calling features in the Zaloute platform.

https://github.com/orgs/ZaloUTE/repositories

Certifications

2024 TOEIC Certificate – 770/990

Work experience

Backend intern 7/2025 - 10/2025

Hitek Solution

Integrated BIDV payment services by working directly with the bank to implement their online payment APIs.
Developed a bus ticket booking application using ASP.NET Core Web API with features like seat selection, booking, and ticket management.
